

Warrington YOUTH FOR CHRIST

Scott shares about continuing to reach and support young people online through gaming...

Scott Dallam, Bewsey & Orford
Ireland

"In the past few weeks, we have seen the way we do things change dramatically as people have been isolating and schools have shut. However there is a need to support young people and that's why we have developed online mentoring, online Fresh groups, online debate clubs, and this week we are developing our online gaming ministry.

We see in our youth clubs that young people like to connect and express themselves through gaming, so we want to keep this relationship going strong. Online gaming can be a great tool to break down barriers in young people and we want to be there for them when they need us to be. There are so many young people that

are lonely and long for a conversation, and we continue to do this by meeting young people where they are and making sure we are here to listen if and when they have worries or questions. Developing this part of our evangelism is exciting because we believe that there is a need for it and that young people will know we are here for them not just in school.

Thank you for all that you do to support Youth for Christ so that together we can see young people's lives changed by Jesus."

Social Media Evangelism

Youth workers are online every weekday from 10am-4pm offering online mentoring and support to young people through social media. We are also posting daily videos, devotionals, games, and challenges to continue to engage and connect with young people, and ultimately share Jesus with them in this space.

Pray that I continue to recover from my knee operation

Please pray for a great start back at school and clubs

“ It’s great to be back with the team! Being back in school has been amazing.

Keith has launched the latest detached project this month, taking the football cage out into Padgate every Thursday evening!

Please pray for Keith as he pioneers this project.

Pray for young people in Padgate, that they would connect with this project and be open to good conversations.

Please pray for more opportunities in RE lessons!

Pray for volunteers for the projects being set up.

“ I had a great conversation with a young lad in an RE lesson about forgiveness. I was able to share how my faith impacts my life, and this was followed by an encouraging chat with the teacher!

“ I’ve been supporting staff and young people in RE lessons on Christianity and had great opportunities to share my own personal perspective.

Pray for our conversations during school breaks and lunchtimes

Please pray as I move to a full-time role this month!
