

Warrington YOUTH FOR CHRIST

BRIDGING THE GAP

Ste Murphy
Director

“ Over the past few months the Lord has blessed us with fruit for the Kingdom! Many young people have come to find faith in Jesus through His ministry here at Warrington Youth for Christ. The important task of connecting these precious souls to local church communities is underway.

We are bridging the gap between their current circumstances - in which they have faith without being part of a faith community - to being plugged into the family of God. We've seen a pre-church service breakfast club set up that saw three new young girls attend a local church, a new youth collective set up after school in partnership with a local church seeing around 15 young people attend, Fresh groups

that run after school that are growing, prayer spaces in schools, and bridging young people into church youth groups.

We are also giving more Bibles out than ever before, and for the first time in our history we have been commissioned by "Good News for Everyone" (previously the Gideons), to give out Bibles to students across the high schools of our town.

In the new academic year we will deliver a series of presentations based on Tynedale 500 (500 years since William Tyndale translated the Bible into English) and the high cost paid by Christians over the centuries to get God's words into the hands of humanity. What a privilege it is to place this precious gift into the hands, heads, and hearts of these young people."

PRAYER REQUESTS

1. Please pray that more young people will be bridged into local church communities.
2. Pray also that young believers will grow in faith and service.
3. Pray that many Year 7 students will be inspired in such a way that they all take Bibles from us, will read them, and apply its hope-filled message to their lives.

YOUTH
FOR CHRIST

ACADEMY

**2025/2026
LAUNCH EVENT**

**TUES 9TH SEPT
4:30 - 6 PM**

Interested in knowing more about our Academy?

The Academy is about including young people in the mission to reach young people. We care about inspiring, equipping, and supporting young people in knowing God better and stepping out in faith to be all that God has made them to be.

Throughout 2025/2026, our Academy will meet on a monthly Tuesday for a training/teaching session, equipping them and providing them with further opportunities to step out and make a difference in Warrington as part of a community of like-minded young people.

Do you know any young Christians aged 18-25 who are thinking about a GAP year?

We are excited to be launching our GAP year programme for 2025/2026, and applications are open! A GAP year with Warrington Youth for Christ is about training and equipping young adults in ministry, including them in the mission to reach young people for Christ and seeing them flourish in whatever God might be calling them to do. This includes being part of Youth for Christ nationally, attending conferences and training, and being part of the day-to-day, week-to-week ministry of Warrington Youth for Christ, being supported and mentored along the way.
