

JUNE 2022

Warrington YOUTH FOR CHRIST

Rachel has had some incredible schools work opportunities in Birchwood over the last few months!...

Rachel Harper **Birchwood**

“Reflecting on the last term, I’m really grateful for the opportunities God has given us in schools. From being in weekly lessons, to open discussions about faith in after-school clubs, mentoring breakthroughs, and Ste & Kim leading “Christianity and Tolerance” lessons in UTC. We prayed for God to open doors and give us opportunities, and He has been faithful to provide!

As part of Year 11 exam prep, I was asked to make a video on **Evangelism** to explain why Christians share their faith and why I personally evangelise. I shared about the Great Commission, explaining that Jesus commanded us as His disciples to “go and make disciples of all nations” - that evangelism is about sharing the Good News about Jesus and this can be done in lots of different ways including preaching, meals, helping in the community, and simply talking about Jesus! You can see the video on our YouTube channel.

In another Christianity revision session, I was asked to share about the Holy Spirit in worship, speaking in tongues, and spiritual gifts. As a result of this discussion, one student asked me in front of the whole class, **“How did you become a Christian?”** and I had the opportunity to share some of my testimony with them. I remember leaving the classroom thinking, “Did that really just happen?!”; I’d gone from so many closed doors due to covid, to now sharing my testimony in a lesson. God is so good!

PRAYER POINTS

1. Please thank God for all the opportunities we have been given
2. Pray for these opportunities to continue and for more doors to be opened
3. Please also pray for the relationships to be maintained with the schools we are currently recruiting youth workers for
