

Warrington YOUTH FOR CHRIST

As schools re-open, our director Steve shares why he believes this is such a crucial time to be mentoring young people...

Ste
Murphy **Director**

“As we see schools opening up again, what has become apparent is the number of our young people who have been affected psychologically by the lockdown, COVID measures, and issues relating to the virus.

“A number of young people that I mentor have had fears and concerns throughout this period, with one young person in particular not coming out of their bedroom for three months due to fears the virus would cause them harm. Another student shared about a family member who has committed suicide over the same period. Still another had concerns for his Mum who is a frontline NHS worker. This, I believe, is just the tip of the iceberg.

“What has struck me again more than ever is how the work of Warrington Youth for Christ is pivotal in the lives of these and many more young people across our town. Our workers are called to bring God’s truth, hope and love into the lives of children such as these. It’s through our mentoring and pastoral support - being utilised by our high schools - that students are able to access a listening ear and some sound advice by youth workers who are being led by the Holy Spirit, offering truth and hope that comes from Jesus. Please do all you can to prioritise praying for wisdom for each staff member who is engaging in this highly rewarding yet complex part of our ministry to the young people of our town.”

Social Media Evangelism

We have just launched a seven-week Instagram series called “The Way”, where we seek to create an online space for young people to ask questions they have about the Christian faith, open up conversation, and share in a very simple and relevant way what Christianity is all about.

If you want to find out more, access the video content, or take part in The Way, follow our instagram page @yfcwarrington
